Website Advertising

- Ads rotate per visit based on the number of ads in rotation for that page. The minimum duration of each ad is one month. Ads start running at 8am on the first day of the month requested and stop on the first day of the next month(s) at 7:59am Eastern.
- Ads may link to a list of all titles/products of a vendor or imprint, a selection of titles/products or a single item. You may designate these on the Web Ad Insertion Order Contract. If the ad links to a list, any item on the list may be clicked to reach the detail page for that item.
- Images should be RGB in either .jpg, or .png format saved at 72 dpi.
- Through **Web Ads**, you will be able to get the attention of store buyers when they are in the process of ordering.
- Buyers love web ads that they can click on to learn more about the books and products. In seconds they can order the item, add it to their next order or put it on their "Wish List."
- Add [Enhanced Product Detail Pages](#) to present additional information about your products. These may include embedded audio and video!
- As with all ads, we encourage you to also offer special discounts.
